IDEALEASE FUEL CARD

The Idealease Fuel Card is available to all Idealease customers—including heavy and medium-duty truck fleets. The card is accepted at more than 43,000 fueling locations in North America, and it has no transaction fee.

The Idealease Fuel Card automates the tracking of fuel tax receipts.

Fleet managers receive real-time online reports that show key information such as: mileage per gallon, unauthorized purchases, and fuel purchasing by location and vehicle. Fleet managers can access their account online to add or delete cards, set limits on how much fuel can be purchased per transaction, require PIN numbers for each transaction, or allow purchases of oil and/or minor repair items.
